A mindmap is a diagram that visually organizes information. Mind mapping can be a prewriting tool that supports ELs organization of ideas.

ELs can create free digital mind maps with MindUp.

Digital mind mapping allows ELs to collaborate, color code, and insert images & weblinks.

Example

[topic] Disabilities

[concept]

[question or opinion]

student generated perspective

Having disabilities impacts how you perceive challenges.

potential writing topics

How does having a disability change your perspective on life?
